Clarification -Out-of-School Youth Definition

Clarification is provided on the definition of out-of-school youth as provided in TAB 2006-006:

- A youth enrolled in GED classes, no matter the location, is considered out-ofschool.
- A youth enrolled in basic skills/remedial education, no matter the location, is considered out-of-school.
- · A youth enrolled in an alternative school is considered in-school.

We anticipate that the clarification will help clarify the definition of out-of-school youth.
